

DECUS DIRECT CYBER

WELCOME TO DECUS INSURANCE BROKERS

Companies are becoming more reliant on technology and face increasing exposure to cyber-related threats.

Whether they are providing technology services to customers or collecting customer data, businesses have an exposure that an insurance policy can cover.

Dedicated cyber insurance can form a key part of an organization's response to managing cyber risk.

Decus Direct is a proprietary online quote/bind cyber portal, that allows you to quote, bind and issue policies in a swift and streamlined fashion.

*Decus Insurance Brokers
The Scalpel, 18th floor, 52 Lime Street
